Mr.J.C.Collier,
Barnesville,Ga.,

Dear Sir:-

This acknowledges your letter October 22nd, 1918. I really know very little about the history of the branch of the Collier family from which I come. I have often heard my father say that his branch of the family came over with Oglethorpe from England and were landed at Savannah. Whether this is a fact or not I can not say. My grandfather, John Collier and his two brothers George Collier and Wash Collier came to this section a great number of years ago but I do not believe I know exactly where they came from. You might communicate with Mrs.Floyd McRae,Peachtree and 15th Street and perhaps she will be able to give you further information.

Very truly yours,

Rawson Collier
